

# We've Moved Into Our New Headquarters Building!

September 10, 2009

We're proud to announce the move into our brand new office building located just across from Bellevue's Downtown Park!

We are sharing the office with our affiliate company, the **Heller Company** which offers professional residential listing and selling services to our valued clients.

Our building was designed by 4D Architects of Kirkland, WA [www.4darchitects.com](http://www.4darchitects.com) and was constructed by Robert Casey Construction.

*We are pleased to be back in the community we love!*
