

Our Heartfelt Thanks

Saturday, March 8, 2008

This past Thursday afternoon, investigators completed their task of gathering evidence at the fire scene where our '07 show was conducted. Several new chapters now begin.

On behalf of all us at the Seattle Street of Dreams, and the related '07 show participants, we wish to acknowledge the extraordinary efforts of all the individuals and government agencies that mobilized, fought, and took risks fighting the fires at Quinn's Crossing.

We also thank the Snohomish County Sherriff's office, FBI, and ATF for all of their ongoing efforts to locate, apprehend, and prosecute the perpetrator(s) of this crime.

Respectfully,

John Heller
President
Seattle Street of Dreams, Inc.
